

Extra Performance and Stability

JB13 Network TCP/IP finger print reader allow 2000 finger print templates capacity. It design super fast reading speed less than 1sec. The elegance design with front cover to cover the digit button when is not necessary. the reader features with Fingerprint, proximity and pin

JB13

Finger print / Proximity / Pin

Network TCP/IP

Modal	JB13
Fingerprint sensor	En6048 sensor
Identification time	less than 1 second
Verify mode	Fingerprint Proximity card Pin
Verify mode	1 : N
Fingerprint capacity	2000
Wiegand output	Bits 26/34
Interface	TCP/IP, RS-485
Alarm	Tamper alarm
Format	ID card Mifare card
Extended	Bell
Operation voltage	12V
